

Persian Bazaar

Thank you to all my customers who have shared their vinyl cloth photos.
It's so nice to see the end result and be able to draw inspiration.

Customers ask if rolling chairs are ok on the vinyl. They are as long as the floor underneath is completely smooth and a hard surface. You may find some movement of the vinyl with smaller sizes. You also don't want the chair rolling off and on the vinyl, so get a size that is large enough.
